

Chapter 148. NOISE

Article I. General Provisions

§ 148-6. General noise restrictions.

A.

No person shall sound a vehicular horn or other audible signal device except as a cautionary warning signal.

B.

No person shall sell anything by outcry during the night. The selling by outcry of merchandise, food and beverages at licensed entertainment events is excluded.

C.

No person shall use any machinery device for the production or reproduction of sound which is cast upon public streets or lands for the purpose of commercial advertising or of attracting the attention of the public to any buildings, structure or activity during the night.

D.

No person shall use any musical instrument, radio, phonograph or tape player upon public streets during the night. This subsection does not apply to persons participating in duly licensed parades or persons duly authorized to engage in such conduct.

E.

No person or persons shall install any permanent standby electrical generation system or device without first obtaining a building permit from the Town of Milton. Upon completion of installation the system or device shall be subject to noise level testing in accordance with standard procedures for measuring noise levels in accordance with Chapter 148 Noise § 148-5 A. (3). Once testing has been completed and noise levels are found to be within the prescribed levels as stated in Chapter 148 § 148-5 A. (2) a certificate of compliance shall be issued

Chapter 220. ZONING

Article V. Area and Bulk Regulations; Density Control

§ 220-26. Projections into required yards.

A.

The following projections from the primary structure into required yards are permitted subject to dimensional restrictions designed to protect adjacent areas:

(1)

Awnings or movable canopies and overhangs: six feet into any yard.

(2)

Cornices, eaves, retaining walls and roofs: three feet into any yard.

B.

Utility equipment may project five feet into the side yard or rear yard setbacks.

(1)

Permanent standby electrical generators shall not project into side yard setbacks, but may project five feet into rear yard setbacks. All installations of such systems are subject to permitting and inspection and shall comply with all provisions of Chapter 148, Noise of the Town of Milton Code

C.

Any open porch or deck shall be considered a part of the building and may encroach up to 1/2 the distance on the side yard or rear yard setback. Paved terraces which are not covered shall not be considered a part of the building.

D.

Accessory uses and buildings may be located in accordance with Article **VII** of this chapter
